

**MICHIGAN DEPARTMENT OF CIVIL SERVICE  
JOB SPECIFICATION**

**WILDLIFE TECHNICIAN**

**JOB DESCRIPTION**

Employees in this job perform a range of wildlife management support activities to protect, develop, and maintain the state's natural wildlife population for environmental and recreational purposes.

There are five classifications in this job.

**Position Code Title – Wildlife Technician–E**

Wildlife Technician 8

This is the entry level. The employee works in a learning capacity performing a range of wildlife technician assignments under close supervision.

Wildlife Technician 9

This is the intermediate level. The employee works in a developing capacity with increased responsibility for performing a range of wildlife technician assignments.

Wildlife Technician E10

This is the experienced level. The employee performs a full range of wildlife technician assignments, and uses considerable independent judgment to interpret and apply guidelines with considerable latitude to specific work situations.

**Position Code Title – Wildlife Technician–A**

Wildlife Technician 11

This is the advanced level. The employee serves either as a lead worker responsible for overseeing the work activities of other wildlife technicians, or as a senior worker, performing the most complex wildlife technician assignments. Senior level employees perform complex assignments beyond those expected at the experienced-level which have been approved by Civil Service.

**Position Code Title – Wildlife Technician–SS**

Wildlife Technician 12

This is the staff specialist level. The employee uses specialized technical knowledge to perform highly complex wildlife technician assignments involving authority for an assigned program. Staff specialist positions have sole and full time responsibility for their assigned program area, and are recognized through approval by Civil Service. Employees generally progress through this series to the experienced-level based on satisfactory performance and possession of the required experience.
